

Gord Kroeker

I have served 18 years in community organizations and 9 on the Board of Niverville Credit Union including being part of the Audit Committee and Governance Committee. I have a strong passion for strength in local institutions, and an abiding passion for the members of our community. I am a suitable candidate to serve on the Board of Directors of the Niverville Credit Union.

Heidi Reimer

I have been the owner of Total Insurance in Landmark for the past 10 years and I am invested in seeing this community continue to grow and succeed. I believe the Niverville Credit Union plays an important role in this and I would like the opportunity to serve on the board.

My current and past board involvement in the Insurance Brokers Association of Manitoba, the Steinbach Chamber of Commerce and the Jake Epp Library has prepared me for this role. It would be a privilege to represent the membership on the NCU Board of Directors.

Chuck Edwards

I have lived in the community of Niverville my entire life. My wife Lorraine and I have two children and three grandchildren.

Niverville Credit Union has been our financial institution of choice as I have been a member for 45+ years, and I believe that it is important for Niverville Credit Union to be there for the communities it serves. I retired from Manitoba Hydro after 35 years of service and have farmed for 45 years. During this time, I have gained experience in a wide range of skills including budgeting, Human Resources, strategic thinking and decision making. I have also coached community hockey throughout our children's minor hockey years which led to coaching several years of AAA hockey. It was special to see players that I have coached go on to play junior, college, and Team Canada hockey.

I have served on the Niverville Credit Union Board of Directors for the past 3 years. During this time, I gained experience and knowledge by sitting on the Governance Committee and currently the Audit Committee. I believe my past business and work experience make me a suitable candidate for a Niverville Credit Union Directors position.

John Schmitke

One thing that I have always been taught and grown to believe is true, is that when you are a part of a community there is so much reward in serving it.

I grew up with a medical condition and the people that volunteered, worked, and sacrificed to improve conditions for people like me showed a selflessness that I will never forget or stop appreciating.

While not directly linked to banking, this organization does change and build lives in our community. People build homes, build businesses, finance education, and save for the future. I believe that Niverville Credit Union is a part of growing with its members and serving them the best that we can.

I have served on the Niverville Credit Union Board of Directors for 12 years, during this time I have gained experience and knowledge by sitting on the Audit Committee, the Governance Committee and for the past 3 years serving as Chair on the Board.

Curtis Sawatzky

I'm an owner at Ben Sawatzky Electric which is a local electrical contracting company. I grew up in Niverville and currently reside in the Highlands development. Niverville has always been special to me, and I'm blessed to call this community my home.

I have served on the Niverville Credit Union Board of Directors for 3 years, during this time I have gained experience and knowledge by sitting on the Audit Committee, the Governance Committee, chairing the ad hoc committee and serving as the 2nd vice chair on the Board.

I believe I am a suitable candidate to serve as a Director of the Niverville Credit Union because of my ability to make educated and rational decisions while maintaining a commitment to act in our members best interest. I believe the skills that I have developed in team management, decision making, and strategic problem solving paired with my desire to further educate myself on the banking system will be an asset to the directorship team and our members.
